## **Grab a Bite at Changi!**

Six new food and beverage outlets were recently introduced at the public areas of Singapore Changi Airport's Terminals 1 and 2 to tickle the taste buds of passengers and visitors. The new outlets at Terminal 2 are Sukhothai Express, Pasta Fresca, Fish & Co. and House of Sundanese while Pacific Coffee and Polar Snacks can be found at both Terminals 1 and 2. These new outlets were introduced to provide passengers and visitors of Changi Airport with an even wider variety of dining venues. Visitors at the airport can choose to feast at their favourite outlets while awaiting the arrival of loved ones or enjoy a sumptuous meal before parting with family and friends.

With more than thirty restaurants and cafes at the public areas of Changi Airport, passengers and visitors are spoilt for choice. Dining options range from the rich flavours of Italian cuisine at Pasta Fresca's to the exotic tastes of the Orient at House of Sundanese, Sakae Sushi, Sukhothai Express or the Soup Restaurant and good old Singapore chomps at Killiney Kopitiam or Changi Kopitiam.
