Changi Airport Contingent Participates in the Sheares Bridge Run and Contributes to Charity with Most Number of Participants in the Corporate Category

As part of Changi Airport's 25th Anniversary celebrations, the Civil Aviation Authority of Singapore (CAAS), together with 31 other airport organisations celebrate this significant milestone by banding together to form a Changi Airport Contingent of almost 400 participants for the Changi Airport 25th Anniversary Charity Run. This was organised in conjunction with the annual SAFRA Sheares Bridge Run & Army Half Marathon (SSBR & AHM) on Sunday, 27 August 2006.

In line with CAAS' continuing efforts to promote healthy lifestyle awareness, this event marks another healthy and meaningful way to engage airport staff to raise funds for our adopted charity, the Singapore Cancer Society. Participants of the run signed out individual pledge cards to help raise funds, and through individual efforts and corporate donations, the airport community has managed to raise S\$90,000. The cheque presentation to Singapore Cancer Society, as well as the presentation of a token of appreciation to our main sponsor, ISS Facility Services Pte Ltd took place after the run at the Padang.

"As we celebrate Changi Airport's 25 years of success, we do not lose sight of the need to maintain a healthy lifestyle and also help others in the process. I am indeed heartened by the generosity of the 31 airport organisations and some 400 airport staff who have come forward to support the Singapore Cancer Society through this healthy activity. This clearly demonstrates that the spirit of the Changi Family has gone beyond working hard as a team at the work place to helping the less fortunate in the society," said Mr

Media Bulletin

Wong Woon Liong, Director-General of Civil Aviation, who was at the Padang to lead the Changi Airport Contingent at the run.

CAAS would also like to acknowledge with thanks all staff and corporate sponsors for their generous and steadfast support.
